

St. Petersburg College Outcomes Assessment Review Report

Report Completion Date: January 2011

Introduction

While the institutional effectiveness and planning process is a continuous endeavor, operationally the process begins with a series of meetings by four oversight groups (Educational, Educational Support Services, and Student Services and Administrative Oversight Groups) at the beginning of the calendar year.

The four oversight groups are charged with the following key tasks: (i) evaluate whether the institution successfully achieved its desired outcomes from the previous institutional effectiveness and planning cycle, (ii) identify key areas requiring improvement that were identified in the assessment analysis, and (iii) develop strategies and recommendations to formulate quality improvement initiatives for the next institutional effectiveness and planning cycle.
