

# JUMPSTART YOUR CAREER.

Chose a program that's the right fit for you.

**The Mobile Device Repair Program is a great foundation for individuals that want to learn the skills needed to diagnose and repair broken cell phones and tablets.**

Participants also have the flexibility to further their training by developing their business knowledge or learning how to repair and maintain laptops.

Each path below includes the **Mobile Device Technician Training**: 5 week/40 hour training, as outlined on the other side of this flyer. To become an entrepreneur or a Laptop Technician in addition to the Mobile Device Training, see more information about each path below.

## Additional Programs

### MOBILE DEVICE TECHNICIAN / ENTREPRENEUR

#### Introduction to Small Business Entrepreneurship

- 5 Week/12.5 hour training that provides skills to start a small business:
  - Create a business plan
  - Develop marketing skills
  - Learn basic finance and accounting skills

Students will use business planning, website development, spreadsheets, and other business software tools.

**Price: \$1685.00**

### LAPTOP & MOBILE DEVICE TECHNICIAN

#### Laptop Technician Training

- 4 Week/16 hour training that provides skills to repair laptops:
  - Troubleshoot and perform diagnostics
  - Replace key components
  - Perform preventative maintenance of basic computer hardware and operating systems.

Prepares students for CompTIA A+ Certification.

**Price: \$1989.00**

# MOBILE DEVICE REPAIR TRAINING PROGRAM

**SPC** St. Petersburg  
College  
WORKFORCE INSTITUTE

## Core Program

**GAIN THE SKILLS YOU NEED TO BE A  
QUALIFIED MOBILE DEVICE REPAIR  
TECHNICIAN.**

Smartphones have become essential in our efforts to stay connected. With the average smartphone price being \$600, it makes sense to repair rather than replace them when possible. According to a recent IBISWORLD report "cellphone repair is now a \$4 billion industry and is growing at twice the rate of the economy".

**The Mobile Device Repair Training Program  
is a 5-week (40 hour) course with intensive  
hands-on labs to include:**

- Cell Phone Repair Industry
- Mobile Network Topologies
- Operating Systems Fundamentals
- Repair Tools & Equipment Essentials
- Cell Phone & Tablet Component Basics
- ESD Awareness
- Disassembly & Reassembly Standards & Procedure
- Troubleshooting
- Visual Inspections & Quality Control

**In addition to one-on-one support from experienced  
instructors throughout the course, students receive  
customized course materials and their own repair tool kit.**

Students completing the course will have the skills necessary to repair Smartphones and Tablets.

**Program Cost: \$1394**

### **Introduction to Cell Phone Repair:**
