ST. PETERSBURG COLLEGE

Overview

Access and excellence are the hallmarks of St. Petersburg College, which was founded in 1927 as St. Petersburg Junior College, Florida's first two-year institution of higher education.

Today, the college stands as a multi-campus, four-year public institution with learning sites throughout Pinellas County, in St. Petersburg, Clearwater, Tarpon Springs, Pinellas Park, Largo and Seminole. More than 64,000 students are served annually by SPC, including students from many countries.

William D. Law Jr. became St. Petersburg College's sixth president on June 7, 2010, following the retirement of Carl M. Kuttler Jr., who served as president for 31 years.

The College added baccalaureate degrees to its educational offerings in 2002, becoming the first among Florida's 28 public community colleges to do so. The College now offers 22 bachelor's degrees, most that are in workforce areas.

The Seminole Campus, which opened in August 1998, includes the C.W. Bill Young University Partnership Center (UPC) and the Dennis L. Jones Seminole Community Library. Since 1999, the UPC has enabled students to earn baccalaureate and graduate degrees from partner institutions without leaving Pinellas County. In 2001, the UPC began offering doctoral degrees. There are now 16 partners offering 64 degrees.

In May 2009, The American Stage Theatre Company joined The Florida International Museum, The Florida Orchestra, and the box office for The Palladium Theater at the College's Downtown site, the College's downtown arts cultural center. The College also owns the Leepa-Rattner Museum of Art on the Tarpon Springs Campus.

St. Petersburg College seeks to be a creative leader and partner with students, communities, service agencies, businesses and other educational institutions to deliver enriched learning experiences and to promote economic and workforce development.

The work of its outstanding, diverse faculty and staff is enhanced by advanced technologies, online learning, international education opportunities, innovative teaching techniques, comprehensive library and other information resources, continuous institutional self-evaluation, a climate for student success and an enduring commitment to excellence.

The Board of Trustees of St. Petersburg College affirms its equal opportunity policy in accordance with the provisions of the Florida Educational Equity Act and all other relevant state and federal laws, rules and regulations. The college will not discriminate on the basis of race, color, religion, sex, age, national origin, marital status, sexual orientation, gender identity, genetic information, or against any qualified individual with disabilities in its employment practices or in the admission and treatment of students. Recognizing that sexual harassment constitutes discrimination on the basis of sex and violates this Rule, the college will not tolerate such conduct.

*There are several types of course categories within the credit and non-credit system; prior to 1990-91, the headcount number for non-credit students represented an unduplicated count within each of the various non-credit course categories. Beginning 1990-91, the unduplicated headcount number represents an unduplicated count between all non-credit course categories. However there is still potential duplication between credit and non-credit, i.e., a student who takes both credit and non-credit courses is counted twice. Beginning Fall 2002 the total includes upper division students.

*Utilization ratios are calculated for rooms coded as 110 (general purpose classrooms), 120 (computer classroom), and laboratories coded 210 (non-vocational and vocational) in the Facilities Data Base. Room utilization is defined as weekly hours of room use; the standards are 40 hrs/week for classrooms and 30 hrs/week for laboratories. Space utilization is defined as weekly hours per student station; the standards are room occupancy rate equal to .60 and laboratory occupancy rate equal to .80.
