ST. PETERSBURG COLLEGE

Overview

In 2015, St. Petersburg College alumni were ranked 1st in the state of Florida, and 5th in the nation, for possessing the most valuable job skills*. Founded in 1927, SPC is Florida's first two-year college and the first to offer bachelor's degrees. SPC offers more than 100 degree and certificate programs, including many high-demand, high-skill industry-recognized workforce certifications. The college's career-focused curriculum is created with input from industry experts to give students the skills they need to meet the needs of today's employers. SPC's new Pathways Program gives students a clear roadmap to success to ensure they are taking the right courses - in the right sequence - to meet their goals. The college's mission is to "promote student success and enrich our communities through education, career development and self-discovery." At the core of that mission is SPC's College Experience, a data-driven, five-pronged approach to increase student success through tutoring and out-of-classroom support; integrated career and academic advising; an early alert system to provide struggling students with additional resources; a robust learning plan; and a "Smart Start" orientation to connect students with college resources and provide them with the knowledge they need to be successful in college.

The hands-on science learning complex will provide undergraduate research opportunities for STEM students, professional development for faculty and teachers, and an engaging outlet for the community to participate in science activities. The new facility is scheduled for completion in 2016.
- SPC's **Model United Nations team** received the 2015 Distinguished Delegation Award in April in New York, placing them in the top 13 percent of an international pool of 5,000 college and university delegates.
- More than 150 people from 26 colleges and universities attended St. Petersburg College's Moving the Needle
 Conference in November 2014 to learn about using data-driven strategies to increase student success. Because of
 the overwhelming success of the conference, many more are expected to attend the Moving the Needle
 Conference in October 2015.

- SPC's College of Education was awarded a three-year, \$5 million grant from the Florida Department of Education to restructure the college's elementary education programs. Dubbed the College of Education Center of Excellence in Elementary Teacher Preparation, the program is a joint partnership between St. Petersburg College and Pinellas County Schools, in collaboration with The New Teacher Project and Learning Sciences International. SPC is the only state college in Florida to receive the grant and was one of only four recipients statewide.
- The **Florida TRADE Consortium**, a coalition of 13 state and community colleges across Florida, launched a statewide campaign to place 1,000 Florida TRADE students into jobs in advanced manufacturing by April 1, 2016. The campaign will be highlighted by job fairs, campus events, manufacturing days and forums, and other activities over a 12-month span.
- St. Petersburg College student Erik Durneika was selected as a **2015 Coca-Cola Community College Academic Team Bronze Scholar**. Durneika's selection was based on his scores in the All-USA Community College Academic Team competition, for which more than 1,700 applications were received this year.

^{*}There were several types of course categories within the credit and non-credit system; prior to 1990-91, the headcount number for non-credit students represented an unduplicated count within each of the various non-credit course categories. Beginning 1990-91, the unduplicated headcount number represents an unduplicated count between all non-credit course categories. However, the potential of duplication between credit and non-credit, i.e., a student who takes both credit and non-credit courses being counted twice.
