ST. PETERSBURG COLLEGE

Overview
Founded in 1927, SPC is Florida's first two-year college and the first to offer bachelor's degrees. SPC offers more than 100 degree and certificate programs, including many high-demand, high-skill industry- recognized workforce certifications. The college's career-focused curriculum is created with input from industry experts to give students the skills they need to meet the needs of today's employers. SPC's Guided Pathways Program gives students a clear roadmap to success to ensure they are taking the right courses - in the right sequence - to meet their goals. The college's mission is to "promote student success and enrich our communities through education, career development and self-discovery." At the core of that mission is SPC's College Experience, a data-driven, five-pronged approach to increase student success through tutoring and out-of-classroom support; integrated career and academic advising; an early alert system to provide struggling students with additional resources; a robust learning plan; and a "Smart Start" orientation to connect students with college resources and provide them with the knowledge they need to be successful in college.

- Career and technical education programs (**Associate in Science and Certificates**) that lead to well-paying jobs in Pinellas County or furthering your career.

*There were several types of course categories within the credit and non-credit system; prior to 1990-91, the headcount number for non-credit students represented an unduplicated count within each of the various non-credit course categories. Beginning 1990-91, the unduplicated headcount number represents an unduplicated count between all non-credit course categories. However, the potential of duplication between credit and non-credit, i.e., a student who takes both credit and non-credit courses being counted twice.

**Beginning Fall 2002, the total includes upper division students.
